

# Floor Lamp - Large Totem

SKU: MFL-TTL

**Guéridon**  
SergeMouilleUSA

In his post black shapes period, Serge Mouille experimented with color and columns. With the Totem, he stacked cylindrical shades around a central lighting element. By alternating the shades up or down, the light's intensity is not uniform by design.

Available in black lacquer on wood platform.  
MFL-TTL

Original Design: 1962

Color: black

Materials: steel, wood, brushed aluminum

Watts: 60W max
