

Rotating Sconce - 1 Arm

SKU: MSC-R1

Guéridon
Serge Mouille USA

The 1 (straight) arm rotating sconce finds its place above a desk, an armchair, or a bed. The rotation, from wall to wall, allows a range of lighting that will be appreciated especially as a reading lamp. Note that this lamp is the only one in the entire collection that can be mounted upside down (arm running above the canopy). This trick has been applied several times when J-boxes are too low inside the wall.

Available in white or black, custom length available.
MSC-R1-B
MSC-R1-W

Original Design: 1954
Color: black or white
Materials: steel, brass, brushed aluminum
Watts: 60W max
Voltage: 120V - 60Hz

Indoor use and dry locations only
